Required Submittals for Plan Review

For each facility or job, please submit the **completed** application, all fees required for plan review (checks payable to “City of Bay City”, and three (3) sets of plans and/or specifications with the original seals and signatures in accordance with 1980 PA 299. The Design Professional shall be responsible for reviewing submittal drawings prepared by others for compatibility with the design of the building.

Building Code: Site plan, foundation plan, soil bearing capacity, floor plans, building elevations, framing plans, details, roof plan, roof finish schedule, door schedule, roof live and dead loads, all structural details and specifications.

Electrical Code: Plans for all electrical systems using more than six (6) circuits, except for one and two family dwellings. Shall include lighting layout, circuiting, switching, conductor and raceway sizes, wattage schedule, service location and riser diagram, load calculations, appropriate plans showing standard symbols of all electrical equipment.

Mechanical Code: Plans indicating heating equipment, air conditioning equipment, ductwork material and layout, fire dampers, ventilation of rooms and areas, location of chimneys and vents and piping layouts.

Plumbing Code: Site plan, floor plans DMW riser diagrams and water distribution systems and roof plan. Show directions of flow, pipe sizes, grade of horizontal piping, elevation drainage fixture unit loading of both stacks and rains in the DMW system, supply fixture unit load for the water system, branch supplies serving more than on plumbing fixture, and appliance or hose outlet.

Energy Code: Floor plans, building sections, details, average annual degree days, exterior envelope component materials, “U” values of elements, “R” values of insulating materials, size and type of apparatus and equipment, energy calculations.

Please Note: Plan review fees are non-refundable.
